Maximum Exposure by Showcasing your Home!

Exposure is Everything

With the “Featured Listings” targeted marketing service; Listingbook™ ensures your property receives an unprecedented level of exposure to real buyers.

Your home receives the special attention that makes it stand out from the rest.

“My agent got my home noticed and it sold fast.”

The Competitive Edge

Targeted marketing differentiates your property from your competition. Using targeted marketing, your property is brought to the attention of just the right buyers and their agents.

“My home was not overlooked.”

Numbers Provide the Answers

With the increased exposure of your property, targeted marketing promotions help to result in more activity, showings, and ultimately the sale of your listed property. After the promotion, you will receive a comprehensive report which shows the promotion results, gives comparisons, and graphs the current competitive market. Based on these results, if needed, we can adjust our marketing strategy.
